

Advanced Compatibility Foliar Nutrition

AP Foliar Micros

AP FOLIAR MICROS is an efficient and effective foliar zinc, manganese, boron and molybdenum supplement designed for advanced compatibility and application flexibility. It may be used with a wide range of tank mix partners, including post-emergent herbicides and glyphosate; in both field and aerial applications.

AP FOLIAR MICROS nutrients are extremely efficient. They are quickly absorbed, metabolized and utilized by the plant. They also contain natural humectant properties that improve foliar contact and adhesion; and make nutrients available to the plant for a longer period of time.

AP Foliar Micros Advantages

- Improves plant health, quality and yield; helps mitigate plant stress
- Effectively delivers boron, which aides in nitrogen metabolism and root nodulation formation; flowering and fruiting; protein synthesis; and carbohydrate metabolism
- Supplies zinc, which aides in chlorophyll production; as well as root and shoot growth
- Supplies manganese, which aides in herbicide metabolism; photosynthesis; and plant respiration
- Supplies molybdenum, which enhances plant nitrogen utilization; and promotes root nodulation health
- Contains sulfur, which aids in protein and enzyme synthesis

Application Information

Foliar Application

Ground: Apply 1-4 pints in a minimum of 10 gallons of water per acre and repeat as needed.

Aerial: Apply 1-3 pints in a minimum of 2 gallons of water per acre and repeat as needed.

Soil Application:

Use 1-3 quarts in a minimum of 10 gallons of water per acre. Not for use with starter fertilizer.

Guaranteed Analysis

Sulfur (S)	1.5%
1.5% Combined sulfur	
Boron (B)	2.0%
2.0% Water soluble boron	
Manganese (Mn)	3.0%
3.0% Water soluble manganese	
Molybdenum (Mo)	0.1%
0.1% Water soluble molybdenum	
Zinc (Zn)	3.0%
3.0% Water soluble zinc	

Derived from sodium borate, manganese sulfate, sodium molybdate and zinc sulfate.

Convenient and Easy Tank Mixing

AP FOLIAR MICROS is compatible with most pesticides, including post-emergent herbicides and glyphosate.
